

# INVEST IN YOURSELF. . .

- Get the skills you need for the current job market.
- Increase your earning power.
- Earn a certificate or an associate degree.

## TAKE A COURSE

Choose from a wide range of day, evening, and online courses this fall. Most classes meet once a week. Financial aid is available to those who qualify.

## EARN A DEGREE

CCV offers 18 associate degrees and 12 career-oriented certificates, and many of the program requirements are fully available online. Ask about our new degree program in Environmental Science or our popular Accounting, Business, Computer Systems Management, Multimedia Communications, and Liberal Studies degrees.

## TRANSFER TO A BACHELOR'S PROGRAM

Each year, hundreds of CCV students transfer successfully to a four-year college, saving thousands of dollars in tuition. CCV advisors will work with you to find a program that meets your needs.

## GET CREDIT FOR WHAT YOU ALREADY KNOW

Earn college credit for learning acquired outside the classroom through the **Assessment of Prior Learning** (APL) course and save yourself time and money in completing a college degree. In fact many students earn the equivalent of a year or more of credit through the APL process. The class meets on Wednesdays, 6 - 8:15 pm.

*Find out more about APL at a FREE information session held on Vermont Interactive Television on Tuesday, Aug 17, at 5:30 pm. Call 802-786-6996 to sign up.*

## IT'S EASY TO GET STARTED AT CCV

1. Apply online at [www.ccv.edu/apply](http://www.ccv.edu/apply).
2. Call CCV in Rutland at 802-786-6996 and make an appointment to meet with an academic and financial aid advisor.
3. Register on the web or in person.

**REGISTER NOW THROUGH AUG 27.**
